

If you are a member of the Armed Forces Community and you live in Derbyshire - You are invited to take part in the

Derbyshire Armed Forces Community Survey

The survey has been developed by University of Derby with Derbyshire County Council, as part of their shared commitment to support the UK's national Armed Forces Covenant.

If you are aged over 18, live in Derbyshire and have a connection to the British Armed Forces (Regular armed forces personnel, reservists, veterans and family members), you are invited to share your views as part of a short survey.

The short survey is completely anonymous and aims to gather information on the size and make-up of the Armed Forces Community living in Derbyshire. This information can then be used to help inform and improve local services for individuals and families who are connected to the Armed Forces.

Please follow this link: https://uodhscrc.eu.qualtrics.com/jfe/form/SV_cvWVgw2Vykb6ZD to access more information and to complete the online survey. Or contact us using the following details:
