

National Membership Awards 2027

01/10/2026

Dear Member,

I am pleased to be writing to you as Chair of the National Membership Awards Committee to invite your nominations for the 2027 awards.

Taking over from my predecessor, Michael Challinor, I would like to extend my warm thanks to him for his stellar job chairing the committee, overseeing the awards process and ensuring we promote the awards far and wide year after year.

Michael and I share a passion for the awards and recognising members, branches, counties and districts for the hard work they do. I am very much looking forward to continuing his great work as Chair.

Please do take the time to read through the Circular and the awards available. There are numerous ways that formations and individuals can be recognised and celebrated. Submitting a nomination doesn't have to be difficult, just focus on telling us the story of success and achievement. The most important thing is that you submit it!

I encourage every branch, county, district and individual to seriously consider submitting at least one award nomination for 2027. I am sure there are individuals or formations who come to mind as deserving of recognition and celebration amongst peers at Annual Conference.

All nominations should be submitted to membershipservices@britishlegion.org.uk by the deadline of **5pm Friday 12 February 2027** using the application forms [available on MAP](#) or from your Membership Engagement Officer. Nominees can be put forward for more than one award provided they meet the criteria.

With many thanks,

Adrian Wright

Chair of National Membership Awards Committee
Membership Council Representative
South West Midlands
