

POPPY APPEAL COLLECTORS

The Minchinhampton Branch of The Royal British Legion is always seeking new collectors to support the Poppy Appeal in the town, specifically with the activities of selling poppies house to house in the Minchinhampton and Box areas, and with street collections in the town.

Collections are undertaken during the two weeks prior to Remembrance Sunday each year, starting in the last week of October.

You do not require any previous experience or training, and you do not need to be a serving member of the armed forces or ex-services personnel to help with these activities. Guidance will be provided, along with all equipment and materials that you need, prior to the collection period. Further help and support will also be available from the Poppy Appeal Organiser throughout the collections period.

If you are interested in helping with these important collection activities, please contact the Minchinhampton Branch Poppy Appeal Organiser Paul Hayward on 07792 981567 or email pjhayward58@btinternet.com for more information.
